### **STATEMENT ON UNOFFICIAL PRIMARY ELECTION CANDIDATE FILINGS**

The Division of Elections' computer network is experiencing technical difficulties. This affects the availability of candidate filing information on the web site [www.njelections.org](http://www.njelections.org). The list of unofficial primary election candidates on the Division of Elections website is currently being updated to include those candidates who filed today.

Neither the candidate filing process nor the deadline to file was affected by this difficulty.

A statement will be released when final results are available.
